ABOUT US

LIFE One General Trading WLL, is an established trading company specialized in healthcare, wellness, and related products having its head office at Doha, Qatar.

The company distributes a diverse portfolio of products comprising, Medical equipment's & devices, Hospital consumables, OTC products, and Home health care products. The company is also involved in providing engineering solutions in various healthcare & pharmaceutical segments such as sterile cleanroom partitions, HVAC, as well as Specialized Coatings and flooring solutions for hospitals & pharmaceutical companies.

LIFE One due to its germane planning and execution skills has achieved strong fundamentals by inducting modern infrastructure supported by a highly motivated and experienced team. Having exclusive and trading rights with several multinational companies **LIFE One** has established itself as a reliable and trusted distributor for the region.

LIFE One with its relations has the ability to source a wide range of Healthcare products from USA, UK, Germany, Italy, France, Greece, Switzerland, Holland, Belgium, Turkey, china, India, Japan and many other countries across the globe. The company provides its products and services to private and government hospitals, medical centre, polyclinics. Company also exports the products to various markets in the Middle East and North Africa (MENA) region. We maintain an excellent relationship by providing scientific and innovation information to the key decision-makers of healthcare segment, end users and the key accounts thereby facilitating updated networks with Government and private institutional bodies.

The company is in the threshold of diversifying its activities to the core areas in the health care industry and to expand its activities to more potential markets like Africa, India and other Asian countries. We strive to provide the best products and services & manpower in the industry so that our partners & customers are delivered meaningful solutions as we work together to improve the quality of the healthcare system.
